Financial Aid Information

The Financial Aid Office is available to assist students with developing a financial plan to pay for school. For those students needing financial assistance, federal student aid is financial help available to eligible students and assists with paying for educational expenses while attending school. There are many types of financial aid available for those qualifying applicants which includes grants that don't have to be paid back, as well as low-interest, government-backed loans that must be repaid. Federal Student Aid eligibility is based on individual student information and all students may not be eligible.

Basic eligibility requirements are that you must:

- Be US citizen or eligible non-citizen,
- Demonstrate financial need for certain programs,
- Have a HS Diploma or GED,
- Not be in default on a federal student loan or owe a repayment on a grant,
- Maintain Satisfactory Academic Progress,
- Be registered with Selective Service, if required,
- Have a valid Social Security Number, and
- Be working towards a degree or certificate in an eligible program.

To apply for federal student aid, students must first complete the Free Application for Federal Student Aid (FAFSA). This application form can be completed and submitted online at: www.fafsa.ed.gov. The Student Aid Report generated after the FAFSA is completed, in addition to institutional and other applications, will be used to determine your eligibility for aid. In addition to federal student aid, students may be eligible state and/or institutional aid. The Financial Aid Office has information on financial aid funding options.

Return of Federal Student Aid

The Return of Federal Student Aid policy and the Refund Policy consists of two different calculations. All students who receive federal student aid while attending school will have any unearned funds returned to the federal student aid programs should they withdraw prior to completing more than 60% of the payment period from which they withdrew and is calculated based on the student's last date of attendance.

Drug Conviction Affects on Federal Student Aid Eligibility

Any student convicted of selling or possessing illegal drugs while receiving federal student aid may become ineligible for aid for all or part of the school year depending on the type and number of convictions.

Code of Conduct for Education Loans

Cogswell Polytechnical College has established a Code of Conduct for student loans that limits or restricts certain activities between employees of the institution and student loan lending institutions.
