GRADUATE FASTER

Full-time students in 120 credit programs can graduate in as little as eight trimesters (less than 3 years)!

THE COGSWELL EDGE

REAL WORLD PROJECT STUDIOS™

Students have the opportunity to not only collaborate between majors, but to work directly with industry on real-world deliverables that allow them to leave with an exceptional and desirable portfolio.

HISTORY & CONNECTIONS

Established in 1887, Cogswell has a strong history of collaborating with Bay Area industries. Advisory Boards are filled with industry leaders that offer internships, course content, guest lecturers, and career placement.

INDUSTRY FACULTY

Distinguished faculty with extensive industry experience teach the latest techniques and practices used by professionals in the field.

RELEVANT CONTENT

Inspired by the spirit of our Silicon Valley location, we quickly adapt our curriculum to the latest needs of employers by being forward-thinking and agile.

PERSONAL ATTENTION

As a private college, our small class sizes enable our faculty to help students who need more personal attention and mentor those who are driven to excel.

GRADUATE FASTER

Our innovative program structure was designed with efficiency and effectiveness in mind. Our full-time students can finish faster, save money, and graduate with real-world skills and experience.
